REGULAR OFFICERS INSPECT LOCAL DIVISIONS.

Find Personnel Excellent, Pleased with Drills, and will Report Favorably on All Branches—Large Crowd Sees Sailors Manipulate Guns and Arms.

Excellent work was done by the Naval Militia of Los Angeles at the annual inspection held in the armory at Exposition Park before a large and much interested crowd last night. The inspection was by Lieut. W. R. Monroe, U.S.N., who is overlooking the construction of submarines at the Craig shipbuilding yards, Long Beach, and Commander Merritt Hodson, U.S.N., of the torpedo boat Farragut.

Under Lieutenant-Commander A. H. Woodbine, 230 men of the Seventh, Eighth and Ninth divisions of the Second Battalion, together with the new marine section and the aeronautic section of the Naval Militia, performed artillery drills, big gun drills, infantry drills, Ardois light signaling and wireless signaling in a way which won for them the heartiest commendation of the inspecting officers.

"I think that the officers, the personnel and the military appearance of the men both are very good," was the verdict of Lieut. Monroe. "These men form some of the best material the country has to draw on."

Commander Hodson of the Farragut was equally generous in bestowing praise. He said if the Farragut was called into active service he would like to fill his complement from the boys he inspected last night. "I would be tickled to death to go to sea with them; that's what I think of these boys," he declared.

Ninety-seven per cent. of the 240 men enrolled turned out for the inspection. The officers in command under Lieutenant-Commander Woodbine are as follows:

Seventh Division—Lieut. R. W. Clark, Lieut. Tom Morgan Adams, Ensign H. Hammerberger and Ensign M. J. Hagaman.

Eighth Division—Lieut. G. E. Link, Lieut. J. L. Armstrong, Ensign H. R. Koebig and Ensign M. K. Tipton.

Ninth Division—Lieut. Frank Reaver, Lieut. Nelson Taylor, Ensign H. M. Haver and Ensign Frank Simpson, Jr.

Marine section—Lieut. Newton Best, surgeons, Lieut. A. J. Murieta and Lieut. J. Park Douglas.

Musie was furnished by the Manual Arts High School Band under the leadership of F. J. Armstrong.

After the inspection Lieut. Monroe, U.S.N., addressed the officers, and in response to a request by Lieutenant-Commander Woodbine to point out the faults, said he found no flaws of any moment. "I think, taking the whole inspection from beginning to end, it was more than anyone could expect," he remarked.

"Laboring under all the different obstacles you do, I think you are to be congratulated. I think the personnel is about the best I have ever known. The physical condition of the men shows that the entrance examination, as far as the medical department is concerned, is pretty high marked. As for the drill, I have no unfavorable remarks to make. My report to the bureau will be just about the best that can be sent in."

## SMALL ERUPTIONS

### ITCH AND BURN

On Forehead, Skin Red and Inflamed, Irritating, Disfigured Face. In Short Time

HEALED BY CUTICURA SOAP AND OINTMENT

"Some time ago small eruptions appeared on my forehead which proved very annoying to appearance and also to comfort. The appearance of the breaking out was a very dense rash, the skin being both red and inflamed. The breaking out would at times itch and upon scratching it, it would burn. It was certainly irritating and disfigured my face."

"I wrote for a free sample of Cuticura Soap and Ointment. The sample afforded almost instant relief so I bought more and in a short time I was healed." (Signed) Miss Daisy Austin, R. R. No. 1, Box 53, Walla Walla, Wash., July 1, 1915.

# Appeals to the Loyal Voters of State.

John G. Mott, Who was one of the principal speakers at the great Republican meeting at Long Beach last evening.

# Thousands Cheer.

(Continued from First Page.)

enrolled among her sister loyal Republican States without any doubt or qualification as to her belief in, and loyalty to, the principles of the party that has done more for California in the future than the principles and policies of any other party.

From Bordwell to Chapman there is presented to the voters of California today only one officially constituted Republican delegation, indorsed by all the official Republican organizations, viz: the National, the State and the County Central committees. The party leaders in the East and our fellow-Republicans all over this country will accept with enthusiasm the official Republican delegation as conclusive evidence that California has risen above party differences and the ambitions of men, eager to do her share in the restoration of true Republican principles and policies so that the highest hopes and aspirations of our countrymen may be fully realized.

DEMOCRACY'S BLIGHT.

Hon. C. C. Chapman, one of the foremost citrus producers in Southern California, and one of the Republican nominees, advocated the return of Republican rule because it means the salvation of the State's most important industry. He said: "Democratic policy has been in the past and are today a blight on our splendid industrial enterprises. California cannot secure the protection it must have for its products from the Democratic party. To the Republican party it must look for its protection. In order to secure it from that party, however, California must line up good and strong with the Republican party. This is our only hope."

The delegation that was sent to Washington three years ago to try to secure the title that was to destroy the protective tariff on our citrus fruits, heard expressions by the leaders of the party that were so forceful and so true that no defense could be made. It was told that the people of California were the most ungrateful in the nation. The Republican party had given to the products of California the largest measure of protection given to products of any State in the Union and yet the people of California were the most ungrateful party, saying every mean thing they could about it and turning it over to its political enemy. "Now go home," said they, "and take your medicine like men."

"Should California be so foolish as to send to the national convention a delegation of questionable Republicans, we will be told, when we have given to the products of California the largest measure of protection given to products of any State in the Union and yet the people of California were the most ungrateful party, saying every mean thing they could about it and turning it over to its political enemy. "Now go home," said they, "and take your medicine like men."

They decided that a condition would be unsound, unwholesome and contrary to the spirit of our governmental organization as desired by our forefathers. Today a similar menace confronts Californians. A few unofficially-selected citizens indorsed by a strong political factor belonging to another party that will have its own convention in Chicago are asking for the votes of Republicans so as to represent California in the national family council of the United States. There are some upon that ticket that actively and directly assisted in the determined campaign to destroy parties, including the Republican party, in California. The influences back of that determined effort to destroy the Republican party are the same influences that are today attempting to elect this ticket to represent the party in its family council.

"The national party leaders expect and want California to send to its council men that have never wavered in their faith or in their love for the Republican party, either nationally or within the State. If the Republican party is successful, and it surely will be, California should be proud to have its name on that ticket."

# FOLK-DANCING ON PROGRAMME.

LONG BEACH MINISTERS OVER- RULED BY EDUCATION BOARD.

May Day Festival to be Featured by School Children Backed by Parent Teachers—Big Bank Clearings Indicate Business is Picking Up.

[LOCAL CORRESPONDENCE.]

LONG BEACH, April 27.—In including folk games and folk dances in the recently announced May Day festival which is to be given by the school pupils of the city May 6, the heads of this city's educational system throw down the gauntlet to the ministers and those citizens who insist that the folk-dances be eliminated altogether. The superintendent, backed by the Board of Education and the parents, is going ahead with the plans for producing the folk-dances, with the little tots as actors and actresses, before the people of the city on the above date.

Principals met with Supt. Stephens at the Pine-avenue school and voted for Friday, May 6. But Underwood and Buffum of the board were unwilling that the festival take up the time of the pupils during a school day, and the following day, Saturday, was selected. Louis Rueb is in general charge of the preparations for the festival.

Bank clearings in this city for the calendar year ending tonight, are over \$1,000,000 ahead of the previous year, and the month of April thus far breaks the record with \$1,550,378 changing hands. All lines of business have felt a stimulus here during the past two weeks.

A daily average of \$114,000 in clearings has been reported by the seven banks for every day this month. The greatest previous month's clearances was last month when \$2,785,000 changed hands. With three more banking days in this month, April will show a total in excess of \$2,850,000 in clearings.

The total of clearings from January 1 to April 28, last year, were \$1,707,181. This year the clearings for the same period were \$2,712,741. This is an increase of a million with some to spare.

Building, too, is on the increase. The building permits thus far this month are several thousand dollars in excess of what they were a year ago during the same period, with several large projects for which sites are being cleared yet in absorption.

EVEN OF RAISING DAY.

[BY A. P. MONT WALK.]

FRESNO, April 27.—The festival spirit reigns supreme in Fresno tonight on the eve of the eight annual California Raisin Day celebration, and it is estimated that between 75,000 and 100,000 people will be here tomorrow to pay tribute to the raisin industry. A big street parade in which all of the cities of the valley will take part will be held at noon, and a pageant will take place in the afternoon, in which 500 dancing girls will take part.

EVEN OF RAISING DAY.

[BY A. P. MONT WALK.]

FRESNO, April 27.—The festival spirit reigns supreme in Fresno tonight on the eve of the eight annual California Raisin Day celebration, and it is estimated that between 75,000 and 100,000 people will be here tomorrow to pay tribute to the raisin industry. A big street parade in which all of the cities of the valley will take part will be held at noon, and a pageant will take place in the afternoon, in which 500 dancing girls will take part.

Building, too, is on the increase. The building permits thus far this month are several thousand dollars in excess of what they were a year ago during the same period, with several large projects for which sites are being cleared yet in absorption.

**INVESTIGATION ORDERED  
TO SIFT GRAFT CHARGE**

INVESTIGATION of the sensational charges of graft in street inspection work in Los Angeles was formally ordered by the City Council yesterday when Councilman Wheeler presented the letter of City Engineer Hamlin opposing the appointment of Frank McClellan as chief inspector. Mr. Wheeler asserted yesterday that interesting information concerning the affidavits filed by the City Engineer against Mr. McClellan may be expected and that he believes the Council and a majority of the Board of Public Works will stand by the termination that Mr. McClellan shall

have the place. In the meantime, City Engineer Harlin continued his search for evidence to sustain his opposition to the Council and the Board of Pub-

The suit is by John E. Swaine, Bryson and his children, the Bryson heirs and fifteen other persons.

**Declares Trust Void and Secure Distribution of Valuable Property.**

A suit to declare a trust void and to quiet title to the property known as the **Briggs Block**, at Second and Spring streets, was heard by children and grandchildren of the late John Briggs, Sr., against other children and grandchildren, through Attorneys Davis and Alexander.

In a decision handed down

The property was placed in trust many years ago, lying in up until the death of the last of the Bryson family.

A corporation known as the Bryson Soap Company was formed, and the property was valued at about \$250,000, deeded to it.

The Title Insurance and Trust Company of New York was chosen as the trustee of the property.

The plaintiffs in the present suit contend that under the law property cannot be devised to one party to be held and deeded to their party, and will allege an attempt was made to get around the law.

The plaintiffs want the will provision broken and a distribution of the valuable property made now in

BY ALMA WILSON

SOMETHING must have happened to the Annandale course last night. Good scores were made as handsome less in the tournament yesterday; the scores were born, old heroes were back, and even destined ones seemed to hold up their heads, as they were in many cases.

**AN EXAMPLE.**  
Take the Armstrong-Newby  
case, for instance, in the first  
— in which Armstrong won, 3  
— with a 68. He went out in  
and found himself 1 down, to  
of all people. The appalling  
of being defeated by a  
a 68-year-old champion  
effort of his life. Newby held  
to the fifteenth with a game  
with which his grand-  
son in 1950 with his grand-  
son that antique warriors had  
their battle deeds. "went  
the old," and "all the world  
said." "Holding 'em off the  
"was, couldn't miss a putt."  
"and," and "the champion  
champion that year and sec-  
ond." "Nineteen sixteen, it

you. You don't see any golf  
in these times." "I remember. A-ha," said the  
other. "You're a bachelor this  
with such time to talk to  
—how can be longer?"

**LAMB WINS OUT.**

There was Lamb's match  
with the new "Trot,"  
in the ways of golf. Trot  
beat him, 4 up and 3, but he  
took to do it. A 2 for a 27, too.  
Trot didn't go down  
to a 5.

Strong's caddy killed those  
things. His hero, temporarily  
the defense of the  
68. How dare this Lamb  
so nearly match the glory?

"My friend, whose golf  
has been in jeopardy,"

highly creditable 75 in the  
round and awaits his match  
Harold Lamb today with  
acquaintance.

**ANOTHER REVIVAL.**  
The glittering revival was the  
of Dr. D. P. Fredericks, for-  
mer of San Francisco. The time  
as long that he will tell you  
moist eyes that he hasn't  
a golf club for five years.
